1	<p>Question: Will projects that are selected to be funded need to pay prevailing wage?</p>	<p>Answer: Construction projects funded totally or partially with DEEL funds must comply with applicable labor standards requirements. The City also requires payment of prevailing wages under Revised Code of Washington (RCW) Chapter 39.12. Prevailing wages will apply to the project funded by the City, as determined by the grant agreement. Agencies should consider this requirement when developing cost estimates or obtaining pricing for construction work. This requirement is not applicable if the project activities you are proposing do not contain a construction component. Prevailing wage rates are available from the Department of Labor and Industries at: https://lni.wa.gov/licensing-permits/public-works-projects/prevailing-wage-rates/</p>	<p>Date Answered: 05/11/22</p>
